

The City of Winnipeg is reopening a number of recreation and leisure facilities previously closed due to COVID-19.

Beginning Monday, March 8 the following recreation and leisure facilities will re-open for limited fitness service only:

- Chief Peguis Fitness Centre
- Cindy Klassen Recreation Complex
- Elmwood Kildonans Pool
- Fort Rouge Leisure Centre
- Freight House Recreation Centre
- Kinsmen Sherbook Pool
- Pan Am Pool
- Sergeant Tommy Prince Place
- St. James Assiniboia Centennial Pool

All purchased passes (3-Month, 3-Month Active Living, Corporate Employee Wellness Program 6-Month and One-Year, One-Year Peguis Trail Health & Fitness Centre) will be reactivated, with extensions applied to the expiration date. This will be done automatically for all pass holders; a verbal or written request will not be required.

For a limited time, between March 4 and April 5, 3-Month, 3-Month Active Living, Corporate Employee Wellness Program 6-Month and One-Year, and One-Year Peguis Trail Health & Fitness Centre passes may be converted into a pro-rated Visit Pass with no expiry. Proration will be based on purchase date and conversion request date, whereby the number of visits loaded onto the visit pass will be comparable in value to prorated value of the amount of time left before expiry.

Residents are encouraged to book fitness blocks prior to arriving at the facilities, as there is no guarantee of available blocks for registration upon arrival, due to capacity restrictions. Memberships and visit passes can be used to register for a fitness block. The fitness blocks will be offered on a week-by-week basis and reservations can be made up to 30 minutes in advance of the pre-reserved time (space permitting). Every Thursday, another week of fitness blocks will be added to what's available for registration. Register at [leisureONLINE](#) to reserve an available block, or [contact 311](#) for assistance in registering. Residents can also register on-site for available blocks, as facilities open.

The City will continue to evaluate re-opening of additional facilities and resumption of programs based on guidance provided by the Province of Manitoba.

As the COVID-19 pandemic continues to evolve, we all have a role to play in slowing its spread and minimizing its impact in our community. The health, safety and wellbeing of members of the public and our employees, and maintaining essential services, remain the City of Winnipeg's top priorities.
