Has it been a long time since you have belonged to a gym? Maybe you never have. That's okay! The biggest misconception people have about the gym is it is about physical health when its more about mental health. Decreased stress and improved mood should be the goal. But how do you get started? Ask Kevin about his 3x3x3 plan. It's a free consultation via email to help you decide if you are ready to start going to the gym. Just send an email to kevinric@shapes.com and let's see if we have what you are looking for. Don't forget to ask him about specials and promotions to help you save even more!
