June 2014

## UCN Bargaining Committee bargaining since January 2014

Your University College of the North Bargaining Committee has been bargaining since January 2014.

During the eleven sessions at the bargaining table, the committee has been able to work through a wide range of non-monetary issues that clarify and improve various contract language.

Further bargaining dates have been set for June 23-26, and the committee anticipates heading into the monetary phase (i.e. wages and benefits) of bargaining shortly.

For more information, please contact the MGEU Resource Centre at 1-866-982-6438.
